'round town

with Betty Allen...

The best news in many a moon, to my notion, is the announcement that the Chamber of Commerce is going to discuss incorporation at its coming meeting on Wednesday.

In the January election which ended with a majority of 10 for those who were against the move, the vote was close enough to show a decided need for incorporation.

It is no secret that many who favor incorporation voted against it in the January election because they felt that the organization sponsoring it and the candidates nominated by that group were not representative of the town as a whole.

No such criticism can be made of the Chamber of Commerce, should it see fit to endorse another election. The Chamber now has more than 100 members on its roster and the 100 are a good example of a cross section of the town. Included are a generous sprinkling of "old timers," both conservative and progressive, as well as almost every new businessman in town. By "new" I mean those who have purchased or started businesses here within the past three or four years. Many of these have been here only a year or less.

More important than the fact that it represents the future of Campbell, is the spirit of the Chamber which has changed from one of lethargy to one of eagerness to work together for common goals.

In talking individually to many of the Chamber members I find that they feel that Campbell can have no future or present as long as all the decisions affecting it are made by a group of men in County offices instead of residents vitally interested and well informed on the matters.

These men want to be proud of their town, they want it clean and orderly and they want the people of Campbell to direct its growth through proper zoning and careful planning.

New Recreational Director Added

The Co-ordinating Council announces the appointment of Miss Michiko Yamada as assistant recreational director to replace Miss Coralee Hill who resigned from the position.

A resident of San Jose, Miss Yamada is a senior at Michigan State where she is majoring in physical education. She is spending her summer vacation with her parents.

Lico's Mkt. Takes Second Place

Lico's Market defeated Felice's Shoe Shop, 8-2, Monday night at Los Gatos, in softball play. Roy Solis pitched and batted Lico's to victory. He hurled a five-hit game and fanned eleven opposing batsmen.

Solis also drove in four of his team's runs with two timely doubles. Rudy Ricci also collected two hits for the winners.

Pat Felice led his team at bat with two of the five hits collected off Solis.

The win ended first half play in Los Gatos with Lico's winding up in second place.

This Friday night the Market squad plays the fast Modern Creamery from Gilroy. At present the Creamery team is leading the Gilroy league. George Terry is slated to hurl for Lico's with George Franks doing the receiving.

California Winner

I. E. Vantrees, Marysville hatcheryman, winner of the California "Chicken-of-Tomorrow" contest, is congratulated by Dick Holloway, Van Nuys' poultry breeder and state chairman of the national "Chicken-of-Tomorrow" committee, as Joseph Hulbert, Los Angeles, meat buyer for A & P Food Stores, sponsor of the $10,000 nation-wide contest for a superior meat-type bird, smiles approval.

What's Your Hobby?

Do you palpitate over old coins? Do you get dewy eyed at the sight of a rare stamp? Is your leisure time spent quilting, hunting antiques, raising rare plants, collecting buttons or carving figurines?

Whatever your hobby is, there's a place for it in the hobby show to be held Saturday, July 19, in the high school gym. There will be no entry fee and every hobbyist is invited to participate, old or young. Only pets are barred from the show.

Hours will be from 2 to 5 in the afternoon and 7 to 10 in the evening. Information may be secured by calling the high school or grammar school offices or Arthur Tindall, director of the summer recreational program, at Campbell 2189.

School To Offer Vets Course

Veterans operating their own farms or employed full-time on farms are now qualified to draw subsistence under the GI Bill of Rights while they are enrolled in an institution for a farm training course.

Laurance J. Hill, District Superintendent of Campbell Union High School announced today that such a course will be offered at the school if a sufficient number of qualified veterans are interested. The training course would consist of twice weekly night classes in agriculture at the High School with additional instruction at the veteran's farms.

DEATH TAKES WILLIAM WARDWELL

Final rites were held last Thursday at the Place Funeral Home in Los Gatos for William Wardwell, long a resident of San Jose—Los Gatos Road. A native of Santa Fe, New Mexico, he is survived by his widow, Mrs. Elizabeth M. Wardwell.

Prune Price Meet Slated Tonight

Prune prices and a proposed marketing program will be discussed at a meeting of the West Side Farm Bureau Center's prune section tonight at the Campbell grammar school.

Center Chairman Herman Mirassou urges all prune growers to attend the meeting. Stuart Fletcher, county farm bureau prune chairman, will explain details of the proposed marketing order. The meeting will start at 8 o'clock.

Edgmon's Market Expanding

It's not just two GI's at Edgmon's Market but three now that Ronnie Mautner has joined the two partners with a meat department. Sam Edgmon is a veteran of the Coast Guard, his brother, Jim, is an ex-Marine and the newest addition to the business served his stretch in the Navy.

Just to be sure that every branch of the service is represented, Leroy Troutner, clerk, claims the Army as his service background.

Doing most of the work themselves, the veterans are enlarging their store on the San Jose-Los Gatos Road and installing the latest in display and lighting equipment. The Edgmons recently purchased the business which was known as Mantia's Grocery.

Mauntner's meat department will be in the rear of the store, taking up the whole length of the building. Before joining the Edgmons in business, Mauntner was the butcher at the Cheerio Corners Grocery.

Aged Man Dies On Fourth

Charles W. Lawrence, Pollard Road. died at a San Jose hospital on the Fourth of July. His funeral rites were conducted at the Rutherford Funeral Home the following day with interment at the Los Gatos Cemetery.

A resident of Campbell for the past three years, Lawrence was retired from the California State Highway Department. He was a member of the Baptist Church.

Surviving him are his widow, Mrs. Marybelle Lawrence, and six sons: Carroll Lawrence of Caldwell, Idaho; Arlie Lawrence of Ukiah; Ted Lawrence of Burbank; Gayle Lawrence of Eureka; Vollie Lawrence of San Bernardino; and Oliver Lawrence of Palo Alto. There are also 15 grandchildren and two greatgrandchildren.

PERLITE USED FOR STUCCO

The National Perlite Co. of Campbell announces that Perlite Plaster Wash No. 1 is now being successfully used by Forrest A. Owens of San Jose. This is one of the pioneering uses of this product.

Prowlers Have Field Day

An epidemic of burglaries broke out in Campbell during the past week. Heaviest loser was Tony's Busy Bee, bar and restaurant on Campbell Ave. Last Thursday night prowlers gained entry through the skylight in the roof and made off with more than $300 in cash and a case of whiskey which they evidently carried through the front door, unlocking it from the inside.

Mrs. Kenneth Gray and Mrs. Charles Shaw, co-owners of the Blue Bell restaurant, adjacent to the Busy Bee, reported that an attempt was made the same evening to enter their establishment but that the prowlers were evidently frightened away before securing entry.

At Avila's Market, corner of Hamilton and Meridian, burglars broke into the newly-remodeled store on Saturday night and attempted to remove the safe. Nothing was taken, however, and the safe was left in the middle of the floor. The forced entry was made through the door in the rear of the meat department.

The C. V. Brown Construction Co., building a subdivision on Parr Ave., reported to the sheriff's office that a power saw and 32 bundles of redwood shingles had been stolen. Deputy Sheriff Fred Goudy is investigating.

Believe It Or Not—Taxes Are Lowered

The Campbell Sanitary Board is definitely out of step with the times—its members lowered the tax at last evening's annual meeting instead of raising the fee as happens with all other taxes in these days of rising costs.

It's an annual event, however, and happens every year. The expenses of the sanitary district remain the same but each year the bonds are retired at the rate of $5000 a year. Beginning now, residents in the district will pay 80 cents on each $100. Forty cents of this is for expenses and the other 40 cents is paid on the bonds. This is ten cents lower than last year's tax.

The original bonds issued amounted to $95,000 set up on a 19 year plan. Of this amount $40,000 has been paid, leaving a balance of $55,000 yet to be retired.

Charles De Selle is president of the Sanitary Board and Ethan Lanphear is secretary. Other directors are Ross Trowbridge, Herbert Shadle and Walter Stray.

Orchard Sold

Mr. and Mrs. Frank Teresi today purchased for $30,000 a 36-acre apricot ranch on Springer Road near Campbell and Rose Ave.

Sellers are Mrs. Fanny Green Robinson, Lucius P. Green and Edward A. Green. Title was handled through San Jose Abstract & Title Insurance Co.

Interesting Events Over Week-End

The list of activities for the coming week-end carries some interesting items for both inveterate and occasional week-enders. The Travel and Recreation department of the California State Chamber of Commerce calls attention to such varied events as the Folk Dance Festival at Kentfield, Pescadero's Festival and Rodeo, a sun tan contest at Lake Arrowhead.

Week-end events include:

Kentfield—Folk Dance Festival at Marin Junior college, July 13.

Pescadero — Sixth annual Festival and Rodeo, July 12-13.

Dixon—Holy Ghost celebration, July 12-13.

Lake Arrowhead— Suntan contest, all of July.

Manhattan Beach—Fishing derby, July 2-September 2.

Newport Harbor— July sailing series; small boat classes July 12-13.

Pacific Beach—Fiesta, July 9-13

FELLOWSHIP AT CHURCH

The Methodist Youth Fellowship will meet at the church Sunday evening for the regular bi-weekly summer meeting, with Margaret Pharris as discussion leader. The first report on the attendance contest will be made. After the meeting a pilgrimage will be conducted to one of the church homes where there will be a social hour and refreshments.

SIX ESCAPE DEATH IN BOAT EXPLOSION ON JULY FOURTH

A group of Campbellites, vacationing on the Fourth, had a narrow escape from death when the engine of the cabin cruiser in which they were riding exploded.

Owners of the 27 foot cabin cruiser were Mr. and Mrs. Cy Penhall who, with Mr. Penhall's parents, Mr. and Mrs. William Penhall, and Mr. and Mrs. Paul Borg, also of Campbell, were fishing and swimming at Frank's Tract near Tracy.

The boat had been anchored at a small island and the passengers were preparing to leave it when the motor exploded, trapping William Penhall in the cabin. He was rescued unharmed by his son who broke open the top of the cabin with the anchor.

Only member of the party to be injured was Paul Borg who was standing next to the engine when it exploded. Wearing only bathing trunks, he received severe burns.

A passing yacht picked up the water-soaked group a short time later and rushed Borg to a doctor for treatment.

The boat was a total loss and in addition the members of the excursion lost their clothes, watches and money.

Chamber of Commerce To Discuss Incorporation Next Wednesday

At next Wednesday's Chamber of Commerce meeting, members will discuss incorporation for Campbell and will decide whether or not the Chamber will back another election, according to Ira Grim, president of the group.

An election for incorporation was held last January and the move was defeated by a margin of 10 votes. The Chamber, consisting at that time of only a few members, gave its official sanction for the incorporation move but took no active part in the election, which was backed by the Campbell Taxpayers Association.

Attendance at recent Chamber luncheons has hit the half hundred mark for several consecutive meetings and an even larger turn-out is expected for the coming session since the topic is of interest to so many residents.

Luncheon is served at 1 p.m. in the Library Hall and reservations may be secured from Mrs. Alfred Conley, Chamber secretary, by calling Campbell 3335. All interested people are urged to attend.

SUNDAY SOLOIST

The soloist at the Methodist church next Sunday morning at the 11 o'clock service will be Miss Gloria Surian. At this service the pastor will preach on "A Christ of Power." Mr. and Mrs. Robert Werfer will be the greeters at the door.

Y. P. AT CAMP

Fifteen young people from the Methodist church are in camp this week at Monte Toyon, Aptos, under the leadership of Mrs. W. C. Powell.

Accardi's Store To Expand Here

Accardi's Appliance Store on E. Campbell Ave., will expand into the Nelson's Sport Shop by the first of August, according to Frank Accardi, owner of the business. An archway will be cut between the two stores, making room for the display of his ever-increasing stock of appliances.

Lloyd Nelson, proprietor of Nelson's Sport Shop, will move his business into a section of the Nelson Grain Co. on the corner of Campbell Ave. and First Street. Part of the grain company's building is being renovated for the purpose.

ILL AT HOME

Mrs. Perley Payne has been confined to her bed with an infected foot but is on the road to recovery now.

ATTENDING WEDDING IN MONTANA THIS WEEK

Mr. and Mrs. Carl Field, accompanied by Mrs. Field's sister, Miss Rachel Spradling, are in Montana this week for the purpose of attending the wedding of their son, Carl Field, Jr., which was held yesterday.

Marine Recruit Men To Be Here

The United States Marine Corps recruiting office of San Jose is continuing its recruiting activities in Campbell. A Marine Corps recruiting sergeant will be at the local postoffice on the third Thursday of each month from 10 a.m. to 5 p.m. to answer questions and to accept enlistments, which are open for three or four years to men between the ages of 17 and 29.

High school graduates are still entitled to college training under the G.I. Bill of Rights. Those who have not completed high school may do so through the Marine Corps Institute free of cost.

U.N. Facts and Faces . . . . . COLOMBIA

Colombia, situated in the extreme northwest of South America, is 448,794 square miles in area and has a population of 9,523,200. Colombia is bounded by Panama in the north, Venezuela and Brazil in the east, Ecuador and Peru in the south, and the Pacific Ocean in the west. The country, traversed by three ranges of the Andes, produces various agricultural products as well as valuable minerals. The capital is Bogotá. Colombia is a member of the General Assembly and of the Security Council of the United Nations. Her representative on the Council is Dr. Alfonso Lopez. Her flag carries three unequal horizontal stripes, ranging yellow, blue, red from top.

Twilight League Gets Started

Under the sponsorship of the Campbell Kiwanis Club the twilight baseball league had its start this week with the first game played on the grammar school field tonight.

The league is divided into two groups, one for boys from 12 to 15 who will play softball as a continuance of the Saturday games.

Age is unlimited for the second group, only players must be over 15. It is planned to hold the games on Tuesdays and Thursdays when the high school gym is open in order that players may have access to the showers.

Arthur Tindall, director of the summer recreational program, says that more donations of ping pong sets and croquet sets are needed. Also requested by the youngsters are golf putters.

Plans for the dance on August 2 are being formulated. This will be the second dance of the season, the first one on June 14 netting $500 for the recreational program.

Steals $125 From Campbell Clerk

A sneak thief who stole a purse containing $125 from the locker of Miss Dorothy Magee, Campbell, clerk in a S. First St. drug store, was sought by police this week.

She and other employes gave Patrolman Lewis Haller a description of a youth seen loitering near the locker room door.

HERE FOR WEEK

Mr. and Mrs. Les Applegarth are in Campbell for a week's stay to wind up their affairs here before making their home on the Klamath river.

Shade Fixed For Gilroy Roundup

Comfort, usually a scarce commodity among sweltering rodeo spectators, is receiving top billing at Gilroy alongside the outstanding arena events and specialty acts of the Gilroy Roundup and Gymkhana to be held July 20, with steps being taken to insure that the audience will view the annual western spectacle from the shade.

Erection of a framework, over which will be stretched a canvas awning covering the entire length and breadth of the 2000-seat grandstand at the Gymkhana stadium, is presently under way.

GUILD TO MEET TONGIHT

St. Lucy's Evening Guild will meet this evening at 8 p.m. at the parish hall. Mrs. Evelyn Angelo and Mrs. Jane Hermle will be hostesses.

SPENDS FOURTH IN RENO

Miss Junice Benson spent the Fourth of July week-end visiting her cousin in Reno, Nev. She attended the annual pre-rodeo parade on the Fourth.

ARSON SUSPECTED IN LOCAL FIRE

Speculation is running high concerning Monday night's fire at the Campbell Billiard Parlor as a link in the chain of deliberately set fires which have plagued the county for the past two weeks.

The sheriff's office is investigating arson in connection with the fire after members of the Campbell fire department reported that kerosene had been poured in the alley behind the billiard parlor and that kerosene-soaked rags had been placed along the rear wall of the building and then ignited.

Located on Railroad Ave., just off Campbell Ave., the wooden structure might have been completely demolished if firemen had not responded quickly and immediately put out the blaze.

Sanford Lee discovered the fire and aroused David Crawley, proprietor, who was sleeping on the premises.

The County Sheriff's office today reported that investigating Deputy Sheriffs Harvey Hutchings and Francis Gilleran have as yet made no progress in their investigation.

TRADE SECRETS

WASHINGTON—Just a stone's throw from the U. S. Capitol, in an inconspicuous three-story brick building is stored a fortune in technological war secrets.

They include the great bulk of the technical documents on Nazi war industries, removed from Germany for use by American industry—more than 400,000 microfilms of patent applications, blueprints, chemical formulas and other valuable technical papers.

At the Moscow conference, these secrets were the subject of debate between Secretary Marshall and Foreign Minister Molotov, who knows all about the contents of the fabulous warehouse, and who told Gen. Marshall that these war patents should be considered "war reparations." Marshall, however, claimed they were not reparations received by the U.S., since Russia has full and equal access to all of them.

Which is true. In fact, the Soviet Amtorg corporation has been extremely busy making microfilm copies of these German technical data just a few blocks from the capitol.

Meanwhile, although Russia can get these secrets, small American businessmen soon won't be able to do so—all because of the economy wave in congress. For Representative Taber's appropriations committee has cut off all funds for the commerce department's office of technical services.

The original $3,400,000 appropriation was cut to $1,700,000, then finally wiped out altogether.

Strongest private pressure against the commerce department's microfilming service for these German secrets comes from the National Association of Manufacturers, which claims that German technological inventions, patents, etc., can be obtained by translating German trade and scientific magazines.

* * *

NO 'WHITE' LIES

Talking to friends about the Russians recently, General Eisenhower remarked: "Dealing with the Russians is like telling your wife a lie. If you tell her a lie once, you keep on and it piles up until eventually she finds out. It's much better to tell her the truth. Likewise it's best to talk straight to the Russians."

WATCHING FOR TORNADOES

Tornadoes already have killed more people in six months of 1947 than in 12 months of any normal year. But, despite this, the weather bureau is likely to lose one of its best services in the past—volunteer weather lookouts.

This volunteer system was built up during the war to warn munitions plants of approaching electric storms, providing a valuable service. It has continued since on a volunteer basis in order to warn farmers and rural communities of approaching twisters.

However, without the wartime patriotic motive, the service is deteriorating from public apathy, and worried weather officials would like to bolster the volunteer system with a slight appropriation from their budget.

A nickel-nursing congress, however, says no.

* * *

CHOMP, CHOMP, CHOMP

Gum-chewing monkeys are doing their bit for science in the field of bubble-gum research. They have been trained by the food and drug administration to chomp on different brands of bubble gum to determine whether it is causing scattered cases of mouth infection reported in Louisiana and Colorado. Food and drug now reports no ill effects among the monkeys, so you can go ahead chewing your bubble gum serenely.

* * *

RESCUING THE WEST

The West coast can thank six senators inside the appropriations committee for restoring western reclamation and irrigation funds, previously slashed to ribbons by house nickel-nursers.

Five of the senators are westerners: Knowland of California, Cordon of Oregon and Dworshak of Idaho (Republicans), and Democratic Senators O'Mahoney of Wyoming and Hayden of Arizona.

However, one man equally responsible for keeping the reclamation program alive in the senate, after it was knifed by the house, was an easterner — farsighted GOP Sen. Styles Bridges of New Hampshire, chairman of the appropriations committee.

Bridges told a closed door session of his committee just before the showdown vote: "I'm for economy, but I'm not for the kind of economy that will scuttle something as vital to the west as the government's proposed reclamation and irrigation program."

Chess Match Is Planned July 12

The San Jose Chess club is sponsoring the appearance of George Koltanowski, holder of the world's record for simultaneous blindfold chess games, in an exhibition of simultaneous chess on July 12, to be held in Hart's store, San Jose in the auditorium, starting at 2 p.m. The local club will present 30 of the strongest players from San Jose, Palo Alto, Campbell and Los Gatos as opponents.

Last February, Mr. Koltanowski played a simultaneous exhibition against 30 players and won all except one, which was a draw. In that exhibition, Mr. Koltanowski played the white men and it is generally conceeded that the player with the white men has a slight advantage because they have the first move and thereby can determine the type of game to be played. It is customary to give the exhibition player the white men in simultaneous matches. In this forthcoming exhibition, however, the expert will give his opponents the chance to play the black men by allowing every other board the black pieces.

The San Jose club invites all persons interested in chess to attend this exhibition. There are still a few available playing boards for those who wish to try their skill against a chess master. Reservations may be made through the secretary, Harry G. Shaw, 1227 Minnesota Ave., Col. 1492. There is a nominal board fee. No charge will be made for spectators and the auditorium will accommodate some 300 spectators.

The San Jose club is also making arrangements to engage Mr. Koltanowski for a series of lessons and instruction in chess and expects to be able to offer the plan at this exhibition.

DANGEROUS PRACTICE

Pedestrians who step out into a traffic lane from between parked cars or from behind an obstruction expose themselves to extreme danger, the California State Automobile Association warns, since approaching drivers often cannot see them in time to stop.

Santa Clara Co. Boy Scouts Going To World Meet

Two Santa Clara County Boy Scouts, Jerry Dodd of Troop 13, San Jose and Gilbert Eckert of Troop 85, Sunnyvale, will be among the 1070 Scouts and their leaders representing the United States at the Sixth World Scout Jamboree to be held in Moisson, France. The Jamboree will start on August 9th and continue until Aug. 22nd, with 30,000 Scouts from 89 Lands in attendance.

Scouts from California will be organized into provisional Troops of four Patrols each. The Scouts from Northern California will have Mr. Harry Pitman of Palo Alto as their Scoutmaster and will leave by train on July 11th to meet with the Southern California contingent at Camp Joseph, near Santa Monica for three days of intensive training. From there the boys will go to New York for another training camp with the 30 troops making up the United States delegation.

On July 24th the Scouts will board a U.S. Transport bound for Antwerp. They will live on board the ship while visiting Holland and Belgium by organized tours.

On August 9th they report at Moisson, France, for the World Jamboree.

Two days after the close of the Jamboree will be spent in visiting Paris with the boys using the camp as their base. The contingent will arrive in New York on September 5.

otheras their base. The contingent will arrive in New York on September 5th.

During the Jamboree the boys will camp by Troops in a large estate of 2000 acres divided into fifteen sub camps. They will live side by side with Scouts of fourteen other Nations, cooking their own meals and carrying on a program similar to the way they would camp in the United States. Each Troop will provide and carry all its own tents and camping gear.

The French Boy Scout Associations are acting as hosts to the Jamboree and have provided showers and sanitary facilities in each sub camp. They will also provide a French Scout interpreter for each Troop.

This will be the first world-wide gathering of Youth interested in World Friendship and World Brotherhood since before the last World conflict and leaders believe it will make a real contribution to the future peace of the world.

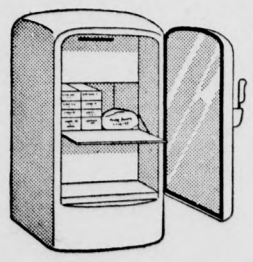
HOME CANNED FOODS

BEST BUYS IN JULY AND AUGUST
• Figs
• Pears
• Apricots
• Peaches
• Plums
• Berries

One of the best ways to cut down food costs in your home is to "can all you can" this summer. Buy your fruits and berries and vegetables when crops come in and take advantage of low price "specials." Or if you have a garden that produces an abundance of fresh foods, save by canning or freezing the surplus. Last year, California women put up more than 4,000,000 jars of home canned foods. This year they are planning to can and freeze even more. If you would like authoritative instructions on putting up foods at home, write for the Free "Home Canning Bulletin," (No. 417) Agricultural Extension Division, University of California, 112 Giannini Hall, Berkeley 4. Home canning helps satisfy the big eaters in your family and whets the appetite of "fussy eaters." And most of all, it will save many a dollar in your food budget.



There are two types of Home Freezers that both Freeze and Store. 1. UPRIGHT FREEZERS which open from the side, so that you reach into them as you do your refrigerator. 2. CHEST-TYPE FREEZERS are like a trunk and have either one compartment or several compartments so you can sort or file foods.

Box Office Reporter

Sunday and Monday the Campbell Theater will show "The Homestretch," a picture which should please racing fans.

Photographed in beautiful technicolor, it shows 11 tracks in three countries and brings to the screen a series of racing events. The story serves merely as a framework for the exciting racing shots.

There are perhaps few other subjects which the Technicolor camera can record better than the turbulent commotion of the racing crowd in the stands, the smart costumes, the excited prancing of well-groomed horses and, of course the thrilling course of the race itself. All of this, as well as additional atmosphere color shots in both England and South America, should keep the fans happy.

"The Homestretch" was produced by Robert Bassler and directed by Bruce Humberstone from an original screenplay by Wanda Tuchock. In the romance department, Cornel Wilde and Maureen O'Hara look their handsome best. However Wilde as the nots-so-rich play boy, and Miss O'Hara, as the aristocratic beauty, get in some ardent love-making.

Famous tracks shown in the picture include Ascot in England, Palermo in South America, and Churchill Downs, Jamaica, Aqueduct, Hollywood Park, Santa Anita, Belmont Hialeah Arlington and Saratoga in the U.S. With the film's action laid in 1938, several Technicolor takes of the Coronation in London are included. The South American sequence features some pleasing Latin background music and calls on Mr. Wilde to converse in Spanish.

Easy-going horse-lover Wilde swindles an old lady, Ethel Griffins, on the purchase of a horse and is found out by beautiful Maureen. He finds out that she's engaged to Glenn Langan, a young diplomat and follows her to London, entering the horse in the famed Ascot Gold Cup. The two fall in love.

Already on the boat for South America Wilde is visited by Maureen. They are married by the captain and are next seen arriving in Buenos Aires. There Miss O'Hara is jealous of Helen Walker, an old friend of Wilde's. Maureen wants Cornel to settle down on his old Maryland farm, but he has racing in his blood. They separate. Wilde gives the horse to his wife, who wins race after race with it. Meanwhile Cornel takes a job and returns to his farm. The two get together after his horse loses by only a head to his former racer.

James Gleason, as the trainer, gives a good performance.

Campbell Court Notes

By Judge Blaine

With $498 collected for June and $2376 received for the official (fiscal) year ending June 30, Campbell Court made for itself a record. Never before did it take in so much money in one month or in one fiscal year.

Not only so, but the court actually paid a profit. Total expenses were $1796.86, leaving $579.14 net.

How about the work itself, which in this court is supposed to be a half-time job? It has been increasingly hard on the nerves and the disposition. It will probably continue so. People get into trouble and into jail. Their excited families or friends try to get them out. Your door bell rings. Your phone rings Your head rings. People seem to be running round and round in rings. Day and night and Sunday too it's a madhouse.

Some public officials hold that a bad disposition is your best defense. There's a woman who has been in the same County office in San Jose and at the same desk about 40 years. She sort of protects a group of important busy men—really protects. She has become a human wasp or hornet—on civil service.

One law-enforcement official of this County says his family has had to become a group of liars. He works part of the time on night shifts and tries to sleep by day. People in trouble ask if he is at home, and his family has been trained to say he isn't.

The family of the Campbell judge has been trained to say the truth. When he is home people get at him. The strain on his nerves and disposition is reflected in larger fines. So bad as the situation is it is some comfort to know that it is profitable to the taxpayers.

Cadets To Attend Summer Camp

Cadets from four Santa Clara County high schools will attend the California Cadet Corps encampment at Camp San Luis Obispo July 9 to 19, Lt. Col. Charlie Royston, acting director of the Corps, announced recently.

Campbell Union High School Cadets who will attend follow: Cadet Captains William Donald Black and Herbert Dixon Bonds; Cadet 2nd Lts. Angelo Aspesi Jr., Charles Joseph Rizzuto, Warren Bryce Whitmore and Emil Lee Wilson; Cadet First Sgts. James Ferris, Sherwood James Rodgers; Cadet Staff Sgts. Harold Val Ely; Cadet Sgts. Richard Atinante, Duane Malone and Robert Gene Williamson; Cadet Cpls. Daniel Hugh Gashler, Ruey Wayne Moles, Edward Alexander Pearson, Samuel Everett Williams, Frank Joe Ybarra, and Cadets Enoc Aguilera, Joel Aguilera, Dennis Lee Arnold, Victor F. Berg, Ward K. Carson, Desoto Chagolla, Miles Lester Dennis, Lloyd Earl Gravatt, Marvin Lee Ehrsam, Leroy W. Engel, Jimmy Lee England, Lopez Azpeitia Ignacio, Earl Ray Kailey, Douglas Dale Melott, John Raymond Moody, Lonnie George Phillips, Jr., Roy Ira Smith, Jack Sunzeri, Warren Richard Thorape, Harry Eugen Walters, Charles Roy Holt and Richard Marvin Burnett.

More than 50 schools will be represented at the encampment, of the Cadet Corps. A staff of 40 wkhich will be directed by Lt. Col. Charles A. Royston, State Director Commandants of Cadet units will serve as Administrators and in instructor capacities.

The eleven day encampment for the Cadet Corps will include instruction in Citizenship, First Aid, Swimming, Life Saving, Marksmanship and Leadership. A full program of recreation and evening entertainment is being provided by Civic Organizations of San Luis Obispo.

88 To Attend Girls' Nation

Arrangements for the first Girls' Nation, to be held on the campus of the American University in Washington, D.C., Aug. 9 to 14, under American Legion Auxiliary sponsorship, are being completed by Mrs. Euga A. Campbell of Homer, La., national chairman, according to the National Legionnaire.

Two girls from each of the 44 Girls' States being conducted by the Auxiliary this year will be selected to attend Girls' Nation. They will organize political parties, hold an election, then carry out the principal functions of a national government.

When not operating their own government, the girls will learn about government by visiting the Capitol, White House and other buildings in Washington, and hear talks by senators, representatives, judges, and government officials. They will also visit Mount Vernon, Arlington, Annapolis and other historic points near Washington.
